I. APPLICATION SUBMITTAL DATE: January 7, 2025

II. PROJECT NAME:

Conditional Use request for 8-ft Fence

III. LOCATION:

Generally located at Assessment No. 203675, north of Quincy Street, between Rosedale Place Unit 15 and Unit 17, Bossier Parish, Louisiana.

IV. BACKGROUND INFORMATION:

The applicant, Patti Lann, on behalf of the Rosedale Place Homeowners Association, is requesting Conditional Use Approval to allow an existing 8-foot wooden privacy fence, which was constructed prior to approval to remain along the rear boundary of the subdivision

According to the applicant the request is primarily driven by existing elevation differences between adjacent properties. The neighboring property to the east is situated at a higher elevation, resulting in direct visibility into rear yards and living areas within the Rosedale Place subdivision. Additionally, to the north, there is a heavily used pedestrian pathway where changes in elevation create similar privacy and safety concerns.

The applicant states that due to the required fence placement approximately 10 feet from the back of curb, within a sloping drainage ditch as directed by the Parish Engineer a standard 6-foot fence height would be insufficient to provide effective screening. The increased fence height is intended to compensate for the lower installation elevation and restore privacy between adjacent residential areas.

Previous Case:

- Permit RBLDR-005592-2025 for 8-ft fence. On-hold
 - Requires resubmit. add fence building material and height of fence

V. PHYSICAL CONDITIONS:

Empty lots.

VI. UNRESOLVED ISSUES:

- Site plan needs to be updated reflecting fence height and length before a permit can be issued.

VII. PLANNING ANALYSIS:

The Planning Staff requires that the following criteria must be considered.

1. LAND USE (MASTER PLAN - 2013):

Future Land Use Plan: Village Development Area

Thoroughfare Plan: This property is accessed from Quincy Drive a residential street.

2. ZONING:

The following zoning issues are relative to this request:

Zoning District: R-LD (Residential Low Density)

Base Zoning District Requirements:

- Minimum Lot Area:
 - Residential uses 6,000 sq. ft. per unit
 - Any other permitted use None
- Maximum Height: 2 stories or 35', whichever is less
- Yard requirements: 25' Front, 5' Side, 20' Rear

Adjacent Zoning:

North	R-LD Residential Low Density
South	Quincy Drive
East	R-LD Residential Low Density

LETTER OF INTENT

Re: Construction of 8-Foot Privacy Fence – End of Quincy Drive

Date: December 12, 2025

Bossier City – Parish Metropolitan Planning Commission
620 Benton Road
Bossier City, LA 71111

The purpose of this letter is to formally state the intent of the Rosedale Place Homeowners Association to construct an 8-foot privacy fence along the rear boundary of the subdivision at the end of Quincy Drive.

This portion of Rosedale Place directly abuts the Cane's Landing development. As a result of this adjacency, the rear yards and rear porches of homes in Cane's Landing face directly toward Quincy Drive. When traveling down Quincy Drive, residents and visitors have a clear and direct line of sight into neighboring backyards and living spaces, creating an ongoing privacy concern for Rosedale residents.

The Association initially sought approval to place the fence five (5) feet from the curb to minimize visual exposure. However, per the Parish Engineer, the fence must instead be constructed approximately ten (10) feet from the curb, within a sloping drainage ditch area. Due to the grade changes and lower elevation at this location, a standard fence height would be insufficient to provide meaningful privacy.

Because of:

- The required setback from the roadway,
- The sloping terrain of the drainage ditch, and
- The direct visibility into adjacent residential backyards and porches,

the Association is requesting approval to utilize 8-foot fence pickets to achieve an effective privacy barrier. The increased height is necessary to compensate for the lower installation elevation and to fulfill the intended purpose of screening residential views. Only 283 feet will be 8-foot pickets. The remaining 298 feet will be 6-foot cedar pickets.

Homeowner's Association
3107 Trinity Drive
Bossier City, LA 71111

The fence will be constructed in a manner consistent with safety, drainage considerations, and applicable parish requirements. The Association's sole intent is to restore privacy and visual separation between the two neighborhoods while complying with all parish directives regarding placement.

Thank you for your consideration of this request. Please feel free to contact the undersigned should additional information or clarification be required.

Sincerely,

Rosedale Place Homeowners Association

By law your property taxes are delinquent after December 31, 2025. The law requires interest be charged at a flat rate of one percent (1%) per month on ad valorem taxes. III. LOCATION:

IV. BACKGROUND INFORMATION:

The applicant, Robert Magee, on behalf of Goodtime Billiards, is requesting Conditional Use Approval for the sale of high- and low-content alcoholic beverages for on-premise consumption at the former location of a billiards hall known as Big Robbie's Billiards, located at 2648 Barksdale Boulevard, Bossier City, Louisiana.

According to the applicant, the business previously operated at this location under the name Big Robbie's Billiards. Due to unforeseen circumstances, the business closed its most recent location at 2766 Barksdale Boulevard and now seeks approval to resume operations at the former site.

The proposed operation will function as a billiards hall and local bar, offering pool tables that host league play affiliated with the American Pool players Association (APA) and the United States Amateur Pool League (USAPL). The applicant proposes to sell both high- and low-content alcoholic beverages for on-premise consumption only. Additional amenities include video poker gaming devices.

The applicant states that during prior operation at this location, the business maintained a positive compliance record with the City of Bossier City, including timely payment of applicable taxes, permits, and license fees, and reports no history of unresolved violations. The applicant also notes prior community involvement, including fundraising efforts benefiting the Bossier City Heroes Fund and St. Jude Children's Research Hospital.

January 2, 2026

Dear MPC Members,

We are the owners of Goodtimes Billiards, LLC dba Big Robbie's Billiards since December 4th, 2018. We began our business, located at 2648 Barksdale Blvd. We have spent the last two years located at 2766 Barksdale Blvd. Due to unforeseen circumstances, we closed our operation in October 2025. We are intending to re-open again at our original location, 2648 Barksdale Blvd.

We plan to operate our business in the same manner as we have since 2018:

- Billiards hall with 10 pool tables which will have nightly pool league with APA and USAPL.
- 21+ age requirement.
- High and Low Alcohol Content for on premise consumption.
- 3-4 Video Poker gaming devices.
- Hours: Monday through Saturday of 9am to 2am.

During our ownership, we have never had any complaints and/or violations with the City of Bossier. In addition to being a business that complies with all regulations, we are strong supporters of Bossier City and our community. While in business, we have held several fundraising events to assist our Bossier City Heroes. For example, for the last two years we have been the largest single contributor for "Heroes and Helpers" donating over \$15k to the children of Bossier.

We appreciate your consideration and support to open our business at 2648 Barksdale Blvd which has been a billiard hall and local bar for the last 30+ years.

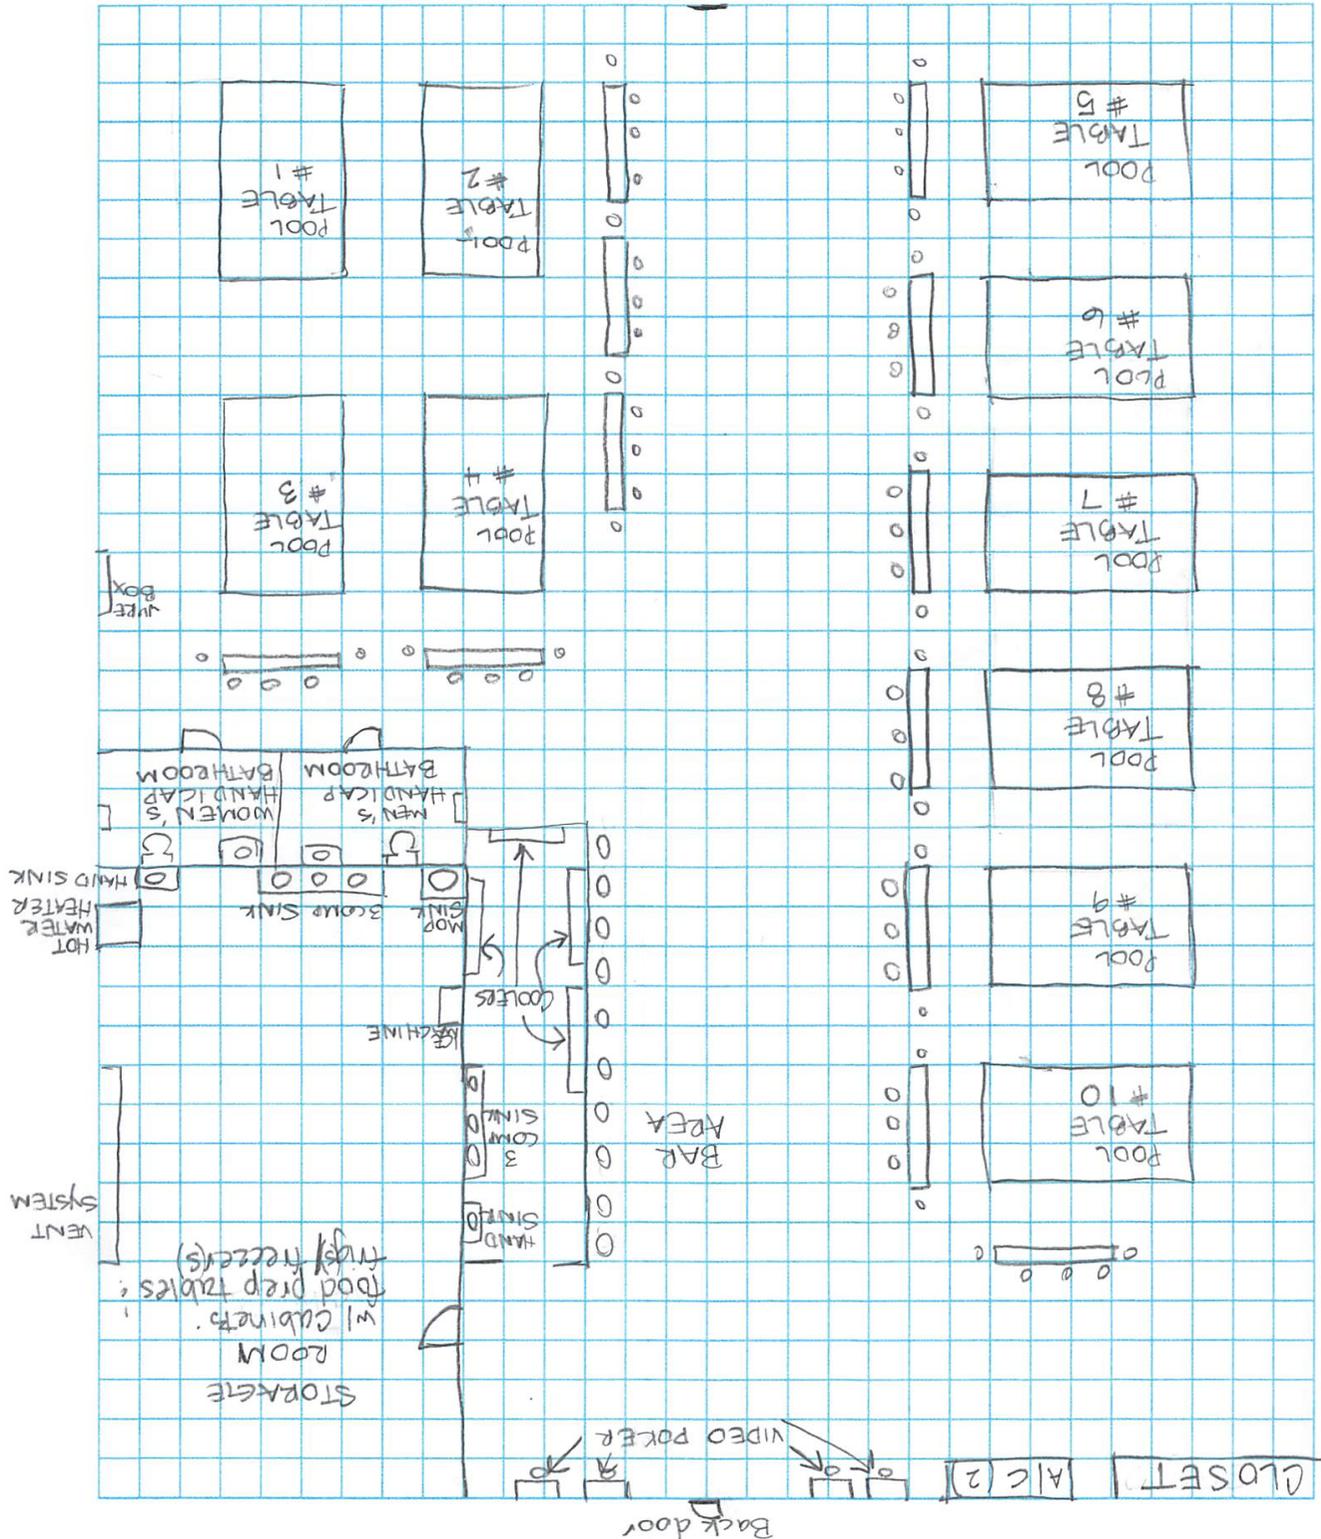

Thank You for your consideration,
